**RE: Annual International DXpedition on Peanut Island, West Palm Beach, Florida – May 29<sup>th</sup> & 30<sup>th</sup>, 2010**

Dear Mr. Jackson:

I am presenting this letter of request at the direction of Ms. Cindy Heart of the Alan Jackson Fan Club. We would like to have you as our headliner entertainment, finishing out our day of music, on Saturday May 29<sup>th</sup> 2010. We are organizing our inaugural event and would very much appreciate your presence and participation in the Jupiter Tequesta Repeater Group (JTRG) 2010 Inaugural Annual International DXpedition on Peanut Island in West Palm Beach, Florida. We are a volunteer organization and an IRS certified 501(c)(3) Non-Profit Corporation.

We are working extensively with Palm Beach County to implement this event that will draw several thousand individuals and families to enjoy a variety of entertainment, while learning about the rich history of Peanut Island and exposure to the Palm Beach County Emergency Services and the Volunteer Services provided by the men and women of the local Amateur Radio Emergency Communications teams, that selfishly activate in times of need.

Attached, please find the Event Overview Flyer, and a current partial Sponsorship Flyer.

We are always looking for ideas on how to improve this event. Your ideas and suggestions are always welcome.

Do not hesitate to tell a friend, like Jimmy Buffett, about this event and we look forward to seeing you there.

Please contact Mr. Albert Moreschi II at (561) 746-7421 or by eMail at [ag4bv@arrl.net](mailto:ag4bv@arrl.net), with any questions or comments you may have. Additional information may be found on the JTRG WEB site: [DXpedition.jtrg.org](http://DXpedition.jtrg.org),

Sincerely and Best Regards,

Albert Moreschi II  
President, JTRG
